A goal of the American Association of Women Dentists is to empower women to pursue positions of leadership. If you are interested in leadership opportunities within our organization or another dental organization, we want to hear from you!

We have committees that are seeking member participation for the 2022-2023 year that include membership & member benefits, federal services, marketing & social media. If you want to dip your toes into becoming active, this would be a great start! Please email info@aawd.org with any and all interest.

2021 has been a year of growth and constant change.

We appreciate all of your support and feedback.

Here's looking forward to an exciting 2022, a year where we will all be able to gather together again and celebrate 100 years of women dentists.

Thank you to all of our partners!
