One day, as Tessa was flying around, she noticed that the children in a nearby village were not taking good care of their teeth. They didn't brush or floss regularly, which was causing their teeth to become weak and fall out easily.

Tessa knew she had to do something to help the children understand the importance of good oral hygiene. She decided to organize a special Tooth Fairy Day in the village, where she would give out gifts and prizes to the children who had the healthiest teeth.

On Tooth Fairy Day, Tessa visited every home in the village and checked the teeth of all the children. She was so happy to see that many of them had been taking good care of their teeth, brushing regularly and eating healthy foods.
