CELEBRATING WOMEN'S HISTORY MONTH WITH AAWD

As we wrap up our celebration of Women's History Month, it is an honor to recognize the remarkable women who have led our organization and paved the way for generations of female dentists. The AAWD has a rich history of trailblazing women who have made significant contributions to the dental profession.

We are proud to acknowledge the 97 unique past presidents AAWD, who have dedicated their time and expertise to promote the advancement of women in dentistry. From our original 12 charter members to our current president, Dr. Isabel Rambob, and Board, each leader has left an indelible mark on our organization and the field of dentistry.

The vision and leadership of these women have helped shape the AAWD into the vibrant and inclusive organization it is today. We are grateful for their tireless efforts and the inspiration they provide to all of us.

As we continue to move forward, we remain committed to our mission of empowering women dentists and advocating for their growth and success. Together, we can build on the foundation laid by our past leaders and create a brighter future for women in dentistry.

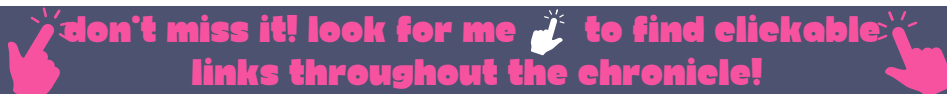

Thank you to all the women who have led AAWD over the years, and to all our members who continue to support and champion the cause of women in dentistry.

Congratulations to the newly formed Associação Brasileira de Mulheres Dentistas

Inspired by AAWD, a group of women dentists in Brazil launched the Brazilian Association of Women Dentists on March 8, 2023 in celebration of International Women's Day. ABMD will advocate for increased women dentist representation at dental conferences as speakers and as leaders in various dental organizations in Brazil.

AAWD is excited to see the formation of the ABMD and looks forward to the opportunities for collaboration and exchange of ideas between our two organizations. We believe that together, we can make a meaningful difference in the lives and careers of women dentists around the world.

We have spent the month of March focused on enriching and empowering women by looking back on AAWD's history, toasting to Trailblazers in our member listening session, and educating on social media and networking. AAWD's philanthropic foundation, Smiles for Success, enriches and empowers women all year long! Read on to learn more about SFS and how you can get involved in giving back to deserving women in your community!

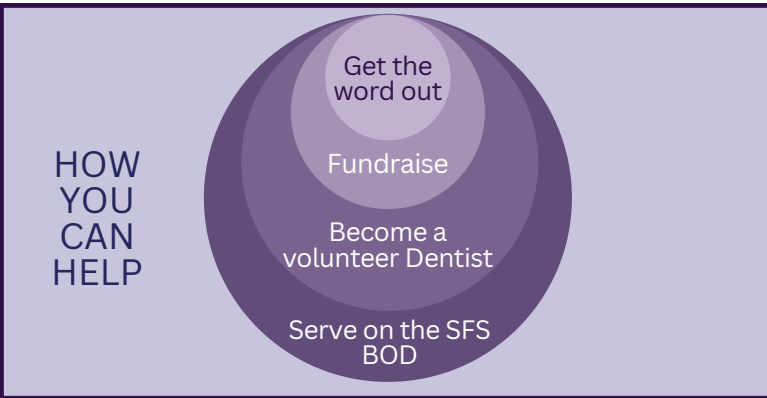

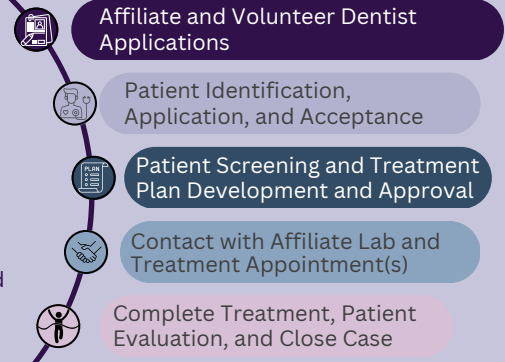

Smiles for Success is a community outreach initiative of AAWD and provides support to low-income women who are seeking to re-enter the workforce. SFS offers cost-free dental care to women who have completed community programs or are currently enrolled in job readiness programs with community-based agencies, religious institutions, or rehabilitative systems. Many of these women face barriers to employment due to dental issues that prevent them from presenting a confident smile. By providing these dental services, we can help these women regain their self-esteem and achieve success in their professional lives.
